Orientation for the 2024 Executive Board - 11 January 2024

Global Trends

Environmental crises exacerbated by climate change

Poverty and inequalities curtail opportunity

Public health emergencies cause loss of life and livelihood

Fragility, conflict and protracted humanitarian crises

Persistent patterns of exclusion

Migration and displacement create opportunity yet reflect vulnerability

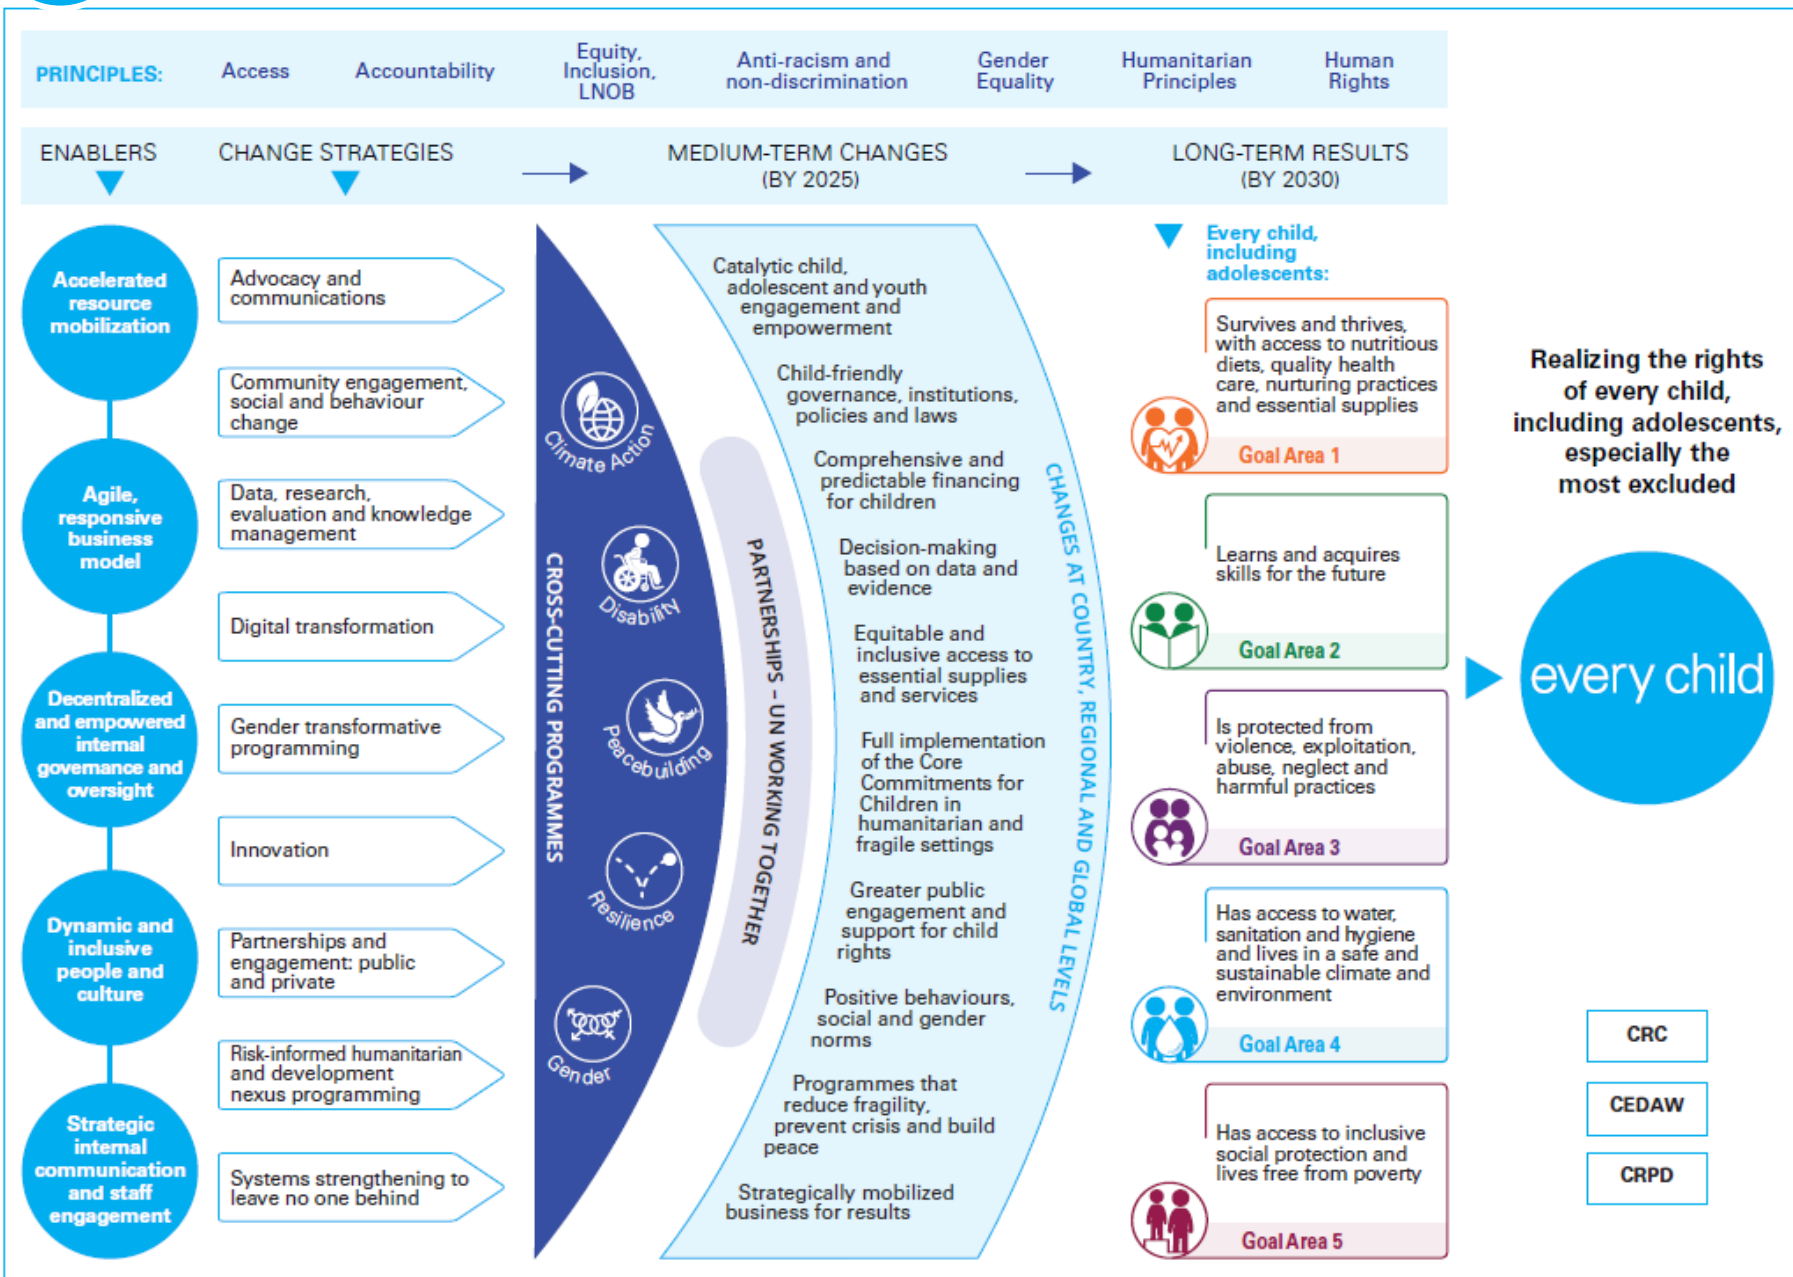

Demographics – rising percentage of world's children living in Africa

Urbanization – growth and innovation but children in slums left behind

Digitalization expands service reach but exposes children to misinformation and violence
